Complete Feature Specification

Every capability engineered and implemented specifically for Mr. Mango BD:

Storefront & Shopping Experience

- ✓ **Header & Shop Dropdown:** Full access to all product categories (Disposables, E-Liquids, Pod Kits, Coils & Cartridges, All Products).
- ✓ **Live Instant Search:** Debounced instant search bar across names, brands, and flavors.
- ✓ **Category Filtering & Sorting:** Filter by category, sort by price (low to high, high to low), rating, and featured.
- ✓ **Urgency Stock Badges:** "Only a few left!" and "Sold Out" tags to boost conversions.
- ✓ **New Arrival Badges:** Green highlighted flags on latest additions.

WhatsApp Instant Sales Automation

- ✓ **Floating WhatsApp Support:** Quick-action button linking directly to the Kuril outlet hotline (+880 1700-000000).
- ✓ **Click-to-Order via WhatsApp:** Customers can order any product directly on WhatsApp with pre-filled product name and price.
- ✓ **Instant Order Dispatch:** After placing an order, one-tap notification sends complete order details to staff via WhatsApp.
- ✓ **Out-of-Stock Waitlist:** Customers can submit their WhatsApp number to get notified when restocked.

Bangladeshi Payment System

- ✓ **bKash Direct Payment:** Dedicated pink bKash card with personal Send Money instructions and order number reference.
- ✓ **Nagad Direct Payment:** Orange Nagad card with full transaction reference workflow.
- ✓ **Cash on Delivery (COD):** Same-day delivery inside Dhaka and courier nationwide.
- ✓ **SSLCommerz API Scaffold:** Backend architecture ready for automated debit/credit card & MFS processing.
- ✓ **Promo / Discount Coupons:** Real-time coupon code validation (e.g., MANG010).

Live Order Tracking & Delivery

- ✓ **Live Tracking Engine:** Interactive timeline tracking 4 phases (Order Placed → Processing → Shipped → Delivered).
- ✓ **Auto-Prefilled Confirmation:** Clicking "Track My Order" automatically fills the tracking form with the order number.
- ✓ **Delivery Badging:** Dhaka same-day delivery badges & 64-district nationwide courier integration info.
- ✓ **Store Pickup Option:** Option for free in-store pickup at Kuril flagship outlet.

for 10% off).

Secret Staff & Admin Dashboard

- ✓ **Invisible to Normal Users:** Zero public admin links or staff URLs exposed in navigation or footers.
- ✓ **Secure Dual Authentication:** Instant admin redirection when registering or signing in with `mango@gmail.com / mangokhabo`.
- ✓ **Product Management:** Real-time product creation, price editing, stock toggle, and featured badge switches.
- ✓ **Order Lifecycle Manager:** Update order status (Pending → Processing → Shipped → Delivered) in one click.
- ✓ **Waitlist & Contact Leads:** Live inbox of customer waitlist inquiries and wholesale leads.

Physical Outlet Integration

- ✓ **Accurate Flagship Store:** 2nd floor, Tong Market, Kuril, Beside Main gate of AIUB, Dhaka.
- ✓ **Outlet Showcase Card:** Features, opening hours (11:00 AM – 11:00 PM), in-store device testing info.
- ✓ **Interactive Directions:** One-click navigation and direct store helpline connection.
- ✓ **Multi-Channel Presence:** Outlet details embedded in Hero, Navbar drawer, Footer, Contact, and About pages.

Dark Mode & Premium UX

- ✓ **Dark / Light Mode Toggle:** Instant switch with local storage persistence and system preference detection.
- ✓ **Mobile Bottom Navigation:** Native app-style fixed bottom navigation bar on smartphones (Home, Shop, Cart, Contact).
- ✓ **Product Comparison Tool:** Compare up to 3 products side-by-side (puffs, nicotine, price, specs).
- ✓ **Recently Viewed Carousel:** Auto-saves customer's recently explored items for

Compliance, SEO & Performance

- ✓ **Mandatory Nicotine Warnings:** Professional legal compliance banners on header and footer.
- ✓ **Google SEO Rich Snippets:** Schema.org JSON-LD Product structured data for organic Google ranking.
- ✓ **Sub-Second Speed:** Built on Vite + React 18, generating tiny compressed

higher return purchases.

bundles without heavy WordPress lag.

Recommended Pricing Guide for Your Client

Because this is a **custom-engineered web platform** (not a generic WordPress or Shopify template with monthly app fees), you are offering custom proprietary software with zero recurring platform commission. Here is the recommended pricing strategy to present to Mr. Mango:

Standard E-Commerce

Essential online vape catalog and customer ordering.

₹ 35,000 / one-time

- ✓ Full Custom React Frontend
- ✓ Product Catalog (20+ Products)
- ✓ WhatsApp Quick Ordering
- ✓ bKash & Nagad Payment Instructions
- ✓ Mobile Responsive Design
- ✓ 1 Physical Outlet Showcase

Good for small baseline retail setups.

RECOMMENDED

Full-Stack Business Suite

The complete platform currently built & functioning today.

₹ 55,000 – ₹ 65,000 / one-time

- ✓ Everything in Standard
- ✓ Secret Staff Admin Dashboard

- ✓ Live Order Tracking Engine
- ✓ Product Comparison Tool & Recently Viewed
- ✓ Dark / Light Mode Toggle
- ✓ Waitlist Lead Capture & Inquiries
- ✓ Promo Coupons & Discount Codes
- ✓ Vape Guides & SEO Rich Snippets
- ✓ 1 Month Free Bug Fixes & Support

★ Best value & direct match to the current build.

Enterprise & Retainer

Complete platform + custom domain + 6 months maintenance.

₳ 80,000 – ₳ 95,000 / package

- ✓ Everything in Business Suite
- ✓ Automated SSLCommerz Payment Gateway
- ✓ Domain & Cloud VPS Deployment Setup
- ✓ Automated Daily Database Backups
- ✓ Product Catalog Updates (Monthly)
- ✓ 6 Months Dedicated Technical Support

Ideal if the client wants you to manage everything long-term.

How to pitch this price to Mr. Mango today:

- **No monthly Shopify fees:** Shopify or custom SaaS charges \$39–\$105 USD every single month plus 2% transaction fees. Your custom platform has **ZERO monthly commission**.
- **Built for Bangladesh:** Includes Kuril outlet pickup beside AIUB, bKash/Nagad workflows, and instant WhatsApp dispatch that foreign platforms can't do

out of the box.

- **Anchor high:** Quote **₹ 60,000** for the full platform. If they negotiate, you can settle comfortably at **₹ 50,000** plus an optional **₹ 3,000 – ₹ 5,000/month** maintenance fee for uploading new products and server hosting.
